

DIAMONDS ANTWERP

1. Please print the page to find your ring size. You will need to go to the 'printing settings' before printing and ensure that the 'page scaling' option is set to "none" or "unchecked" in the print dialogue box. It must be printed on a A4 size page on the "Actual Size".

The sizes displayed on the page are Belgium sizes. that Belgium Diamonds uses for manufacturing.

2. To check that the Ring Size Guide has been printed properly, take a ruler and measure the scale bar displayed on the page, It should measure exactly 30 mm.

3. Take a ring that fits your finger correctly. Place the ring over the circles to determinate which one matches your ring size. The inner edge of the ring must be precisely aligned with the outer edge of the circle.

Note:

If your ring falls between two sizes, we recommend you choose the larger size. Recommended not to measure your finger when your fingers are cold.
